“Absolutely forbidden to give COVID shots to kids, young men and women”, Jewish court rules

After eight hours of hearing a Halachic court in New York City ruled that **“it is absolutely forbidden to administer or even to promote this (COVID-19) injection to children, adolescents, young men or women.”**

The court also implored “all healthy adults who are of child-bearing age” to “stay away” from the abortion-tainted jab. The Jewish group sees the injection as intentionally practice of “sterilization or preventing fertility.” Due to concerns about what the jab might do to fertile women – including risks of severe blood-clotting – “it is forbidden for them to take this injection.”

The ruling referred to “breakthrough cases” as evidence that “there is no substantial difference between those who receive the injection and those who did not.” And “the number of COVID patients are about the same, comparatively, in both demographics.” Thus “further clarification is needed” for administering the jab to the elderly.

Halachic stands for the legal part of the Old Testament, the principles of right and wrong that have worked for mankind for over 5,000 years, and upon which some of our most fundamental legal concepts are based. Dr. Robert Malone, the inventor of the mRNA technology, was one of the recognized, renowned experts who testified before the court.

Mandatory COVID-19 “vaccines” transgress Halachic law, which means it could be anti-Semitic to enforce it on Jews who have no wish to take it. Given that the rabbinical courts in Israel are part of the formal legal system, further decrees forbidding mandatory Covid-19 vaccines might have the power to dissolve the infamous green pass system.

rendered and signed on the 22nd of Marcheshvan (after hearing eight hours of testimony from experts and other witnesses), with partial additional elaboration:

We the undersigned convened together to render judgment regarding the new “Covid 19 vaccine” (which we shall henceforth refer to as “injection”, “vaccine”, or “mRNA”, although our intention is to include the “Adenoviral vector DNA” vaccine as well), and we heard testimonies from experts whose expertise is in this field. We also heard from doctors who invented and manufactured the mRNA, who testified as to its function (most doctors in medical practice are not experts in these matters at all, and from our experience and as is well-known, they merely relate the information provided to them by the NIH, CDC, etc.). They illustrated to us the profound danger and harm inherent in this new technology. They showed us how the governmental agencies and the pharmaceutical companies deny this fact, and how they conceal the data, making it so difficult for the public to realize the severe adverse reactions and mortalities that have befallen so many people who received the injection. We were also made privy to how they withhold the said information through various means, preventing the injuries and deaths from being publicized by the media or on the internet, as known.

We also heard testimonies from our fellow Jews who suffered injuries, and even worse Heaven forfend, and also how this injection is harmful to procreation and fertility. And most importantly – we heard how there are tested and simple medications that have been successful in treating this disease, yet the governmental agencies have denied this, and even outlawed the said medications, doing everything they can to promote fear, not health – despite the fact that they have themselves were aware that these medications work.

And now they have approved the mRNA for children as well – for whom it is universally known and is excepted fact that the disease presents no risk of danger – and their intention is to mandate the injection for children as a requisite for attending yeshivas and religious girls’ schools, Heaven forbid.
